(COVID-19)**

**APRIL 15**

## **AN APPEAL TO PHYSICIANS**

Today we are appealing to Québec's 20 000 physicians to lend a hand in residential and long-term care centres.

Staff is lacking in some facilities to provide care and existing staff need reinforcements.

We are appealing to the sense of duty and responsibility of Québec's numerous physicians.

More than ever, seniors, who built Québec, need you.
